Dear Parents/Carers

### **VENUS CLASS EDUCATIONAL VISIT TO CHEDDAR GORGE CAVES**

This term Venus class are learning about the Stone Age through to the Iron Age in History. In Geography and Science, we will be looking at rock formation and the human and physical features found locally and across the world. In order to support this learning, we have organised a trip to Cheddar Gorge Caves. We will be meeting a Stone Age man, going deep underground to explore the caves and will have the opportunity to climb the viewing tower to see how the gorge was formed during the last ice age.

The trip is booked for Tuesday, 19<sup>th</sup> March and will take place within normal school hours. Children will need to come dressed in their school uniform with a warm coat and a packed lunch. Children do not need to bring any money with them on this trip.

The cost for this trip is £23.00, which is payable via ParentPay.

If your child suffers from travel sickness, please ensure that you let a member of staff know, so that we can best support them on this trip.

We are looking forward to taking Venus class on this very exciting trip. We are looking for two parent volunteers to take on this trip. If you are able to assist, please speak to myself or Mrs Thompson-Legg. If you have any questions, please do ask!

Many thanks,  
Miss Leslie
