RE: Family Survey Spring 2024 (Year R-YR 6)

Dear Ash Families,

Thank you to the families who took the time to respond to our survey recently. We had 80 responses to this survey, and there was also a survey available on Parent View during our Ofsted inspection. I have attached the visual results, and these will also be published on our website. We will also be sharing our pupil survey results shortly, and getting the views of our nursery families too.

If you took the time to write a specific comment, and would like an individual response. Please do get in touch with the school office.

Some of the things you said we do well.....

1. Families said we care about the children, and they are taught well
2. That teaching assistants provide excellent support to pupils
3. Classroom teaching is 'first class'
4. Our school is inclusive and provides good support
5. That the school has improved over time
6. Pupils really enjoy our focus/theme weeks (Art week etc)

....and areas for development

1. Families want to see the return of inter-school sport fixtures.
2. We could improve our celebration and publicity of children's achievements and talents.
3. We could improve our offer for personal development and enrichment (to build back some of the things that stopped during the pandemic) Families mentioned outdoor learning and practical activities.

4. Some families felt they didn't know enough about what their child was learning, and would appreciate more information on this.
5. Some families felt that we could improve our communication to ensure it is consistent and helpful for everyone.

As a result, these are the things we are going to do to address these development points

1. Plan to re-connect with local sports fixtures to give children the experience of joining in with these again.
2. Develop a plan to showcase children's achievements, and ensure all children are challenged and celebrated for their unique talents, or skills.
3. Develop the range of activities we offer for pupils throughout their primary school career such as trips and visits, cultural experiences, and visitors in to school.
4. Develop a communication policy, to ensure everyone has the information they need consistently.
5. Hold further events on the curriculum.

Yours Sincerely

Rebecca Bennett
