

Show and Tell

We will start to do 'Show and Tell' in small groups.

Please could your child bring something interesting to show the class and be prepared to say something about it, within a group. They do not need to do a talk, just to know about whatever they have brought and be confident to explain, describe and answer questions.

This will be done on a rota and everyone will get their turn. See the noticeboard for the rota, so you know when your child needs to bring something. Please could children wait for their turn before bringing something in.

We are hoping children will bring some interesting things which will promote curiosity and discussion, and widen children' outlook. Examples might be:

- A favourite book
- A photo of a place visited
- A holiday souvenir
- Artefacts from a hobby or interest
- A sports certificate
- Natural objects collected on a walk or trip

The children will no doubt have their own ideas!

Please don't send anything too precious or fragile.

Curriculum areas covered by this activity: Communication and language, self-confidence and self-esteem, understanding the world.

Your child's week is:

November 12th November 19th November 26th December 3rd

Any day of the week indicated is fine; we will try to show things the same day whenever possible.
