

Welcome back

19/04/20

Dear pupils and parents of Class 6.

Welcome back to Google Classroom for the start of our summer term.

I hope that you all managed to have a good Easter holiday and found some fun ways to keep yourselves busy. Well done to those of you entered the 'Eggstravaganza' ; I enjoyed seeing your entries on the school website.

As we restart our work, I thought that I would remind you about how I will try to organise it.

Every Monday, I will put up a timetable for the week, each day there will be some Literacy and Maths set for the morning and in the afternoon there will be some topic work, Science, Music, Art or What's in the News. They may also be some tasks set by secondary schools but they will only be sent to you if you are going to attend that particular school. The work will go into the subject folder and will have a due date. It can be done either directly into a document or onto paper, which should then be photographed, uploaded and handed in. I will then mark it, make comments and return it. I will use epic books and video clips to help with your learning and will try to make activities as interesting as possible. I might award stickers which you need to add to your online sticker card. Once you have filled in the whole card, send it back to me so I can send you a certificate. There will also be Head teacher's awards on a Friday to reward excellent work or effort.

I know that it is not easy doing our learning this way but just try to do your best and ask any questions on tasks as we go. It is better if you use the stream for questions as I will see them more quickly and then can respond faster. If you do not have access to a computer during the day just do your work on paper and send photos of it to me. Try to work as independently as possible as it is good practice for next term. We can continue with photo of the day and I thought that we could take it in turns to do a one minute diary video extract so we can tell each other about some of the things that we have been up to. I will allocate a day to each of you and we will start it on Monday 27th April so that you have time to do some filming.

I will be in school one day of the week and on that day I may not be so quick to answer your questions so please be patient. This week it will be Monday.

Please let me know if you have any other questions about anything.

Mrs Griffin
